

# HOW IT WORKS

## Student Admission

Powerful student admission form add 40+ records for student including previous school details. Add student siblings, RTE, IDs and multipledocuments to maintain complete record in student profile

The screenshot displays a web application interface for 'Mount Carmel school'. The main content area is titled 'Student Information' and contains a form for adding student details. The form is divided into two main sections: 'Student Admission' and 'Parent/Guardian Detail'. The 'Student Admission' section includes fields for Admission Number, Roll Number, Class, Section, First Name, Last Name, Gender, Date of Birth, Category, Religion, Caste, Mobile Number, Email, Admission Date, Select Image, and RTE. The 'Parent/Guardian Detail' section includes fields for Father Name, Father Phone, Father Occupation, Mother Name, Mother Phone, Mother Occupation, Guardian Name, Guardian Relation, Guardian Email, Guardian Phone, Guardian Occupation, and Guardian Address. A sidebar on the left contains navigation links such as 'Student Details', 'Student Admission', 'Student Categories', 'Promote Students', 'Year Collection', 'Income', 'Attendance', 'Examinations', 'Academics', 'Download Center', 'Library', 'Inventory', 'Transport', 'Hostel', 'Complaints', 'Reports', and 'Inventory'. The top right corner shows a search bar and an 'Admin' link.

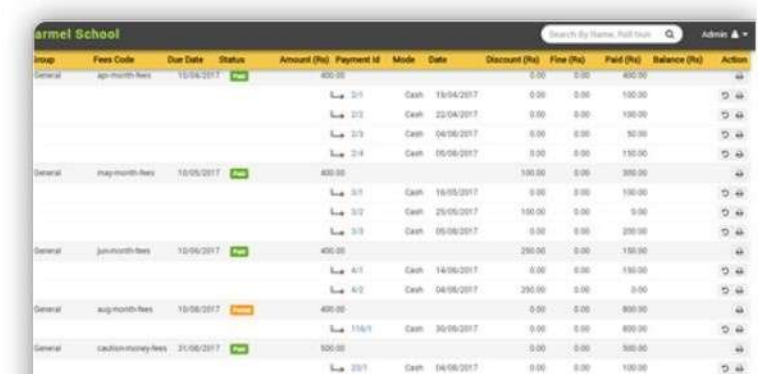

## Promote Students

Promote student in next academic session based on pass/fail and continue/leaving school

## Fees Collection

Most advanced fees collection module available on envato market. Not just invoicing complete fees configuration including fees type, fees groups, fees master, fees fine, due date etc

## Exam Marks Report

Get exam wise class-section marks report for every student with grand total, percent% and result

## General Settings

Add system general settings like school name, address, school code, current academic session, session start month, school logo etc

## Academic Session

Create unlimited academic session year wise

## SMS Gateways

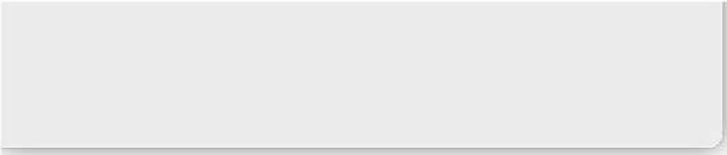

Supports multiple sms gateways including Clickatell, Twilio and custom sms gateway to integrate any http based sms gateway

## Email Engines

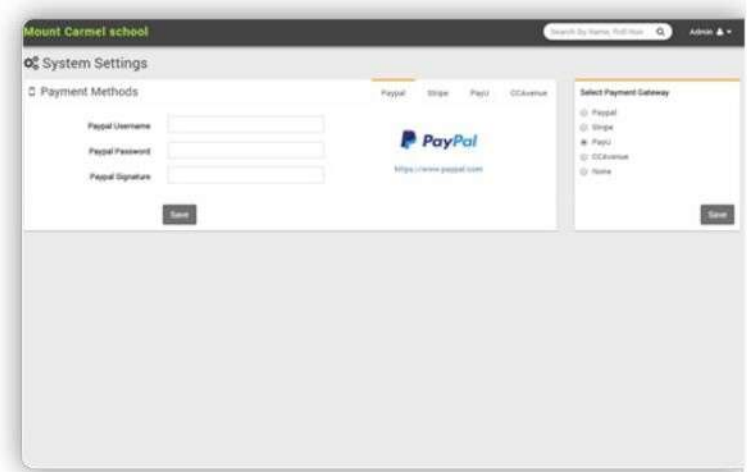

Use smtp or sendmail email engines to send emails for notification

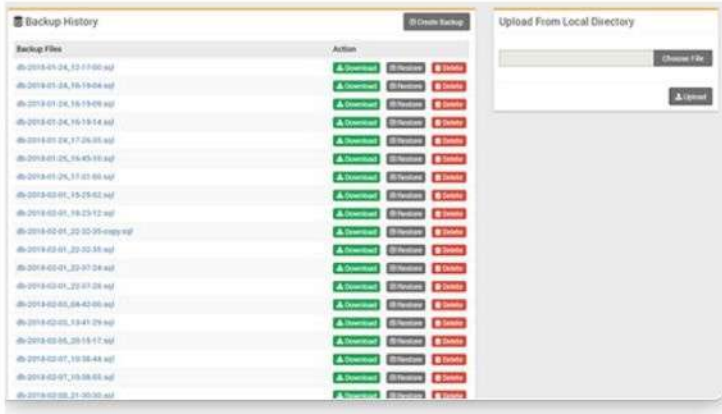

## Internet Payment Gateways

Add PayPal account details to collect payment online from parent

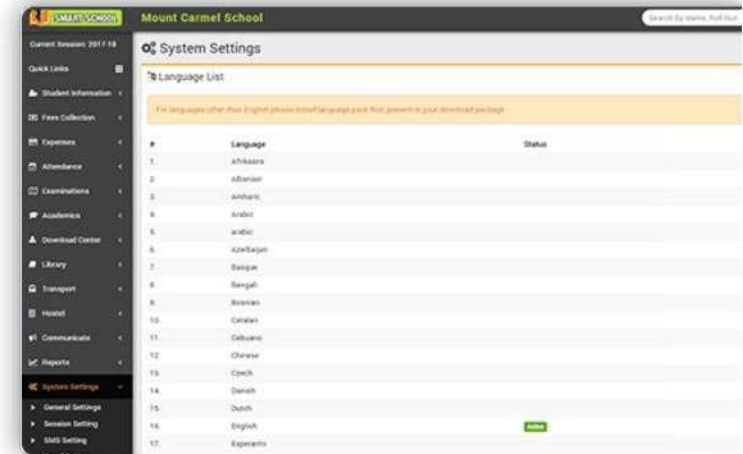

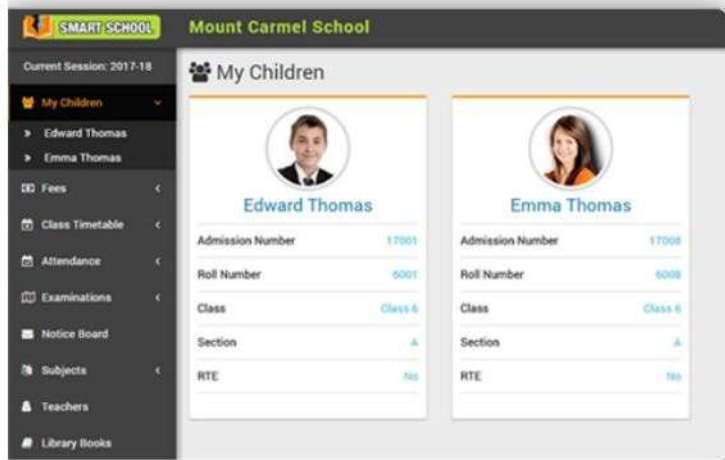

## Backup & Restore

Create backup of your database and restore any time from online or through upload backup file

## Multiple Languages

Smart School supports 73 languages globally, the only software to support such a huge number of languages present on envato in education category

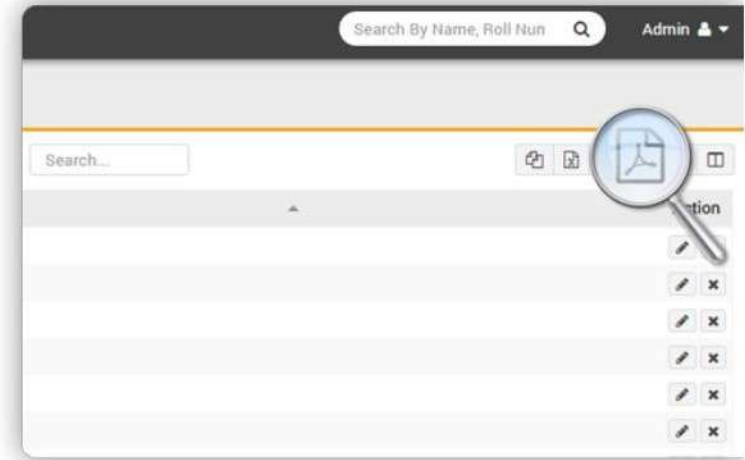

## Parent Monitoring

Parent can see their all children activity in single parent panel login, he can also pay children fees through PayPal online payment

## Export Data

Export report data in multiple formats e.g. PDF, Excel, CSV, Print & Copy

## Responsive User Interface

Smart school will cover all kinds of devices seamlessly

## Beautiful & Informative Dashboard

Graphs and key figures makes beautiful and informative dashboard to provide snapshot of school

The screenshot shows the 'Users' management page in the system settings. It includes a search bar and a table of users with the following columns: Admission Number, Student Name, Class, Father Name, Date Of Birth, Gender, Category, Mobile Number, and Action.
